COMMUNICATION

REMARKS

It is noted that the title on the issue fee transmittal and of record is incorrect. In the response to the Official Action of December 12, 2003 the title was amended to - - Method of Treatment of Malignant Neoplasms and Complex Preparation Having Antineoplastic Activity- -.

In regard to the Preliminary Amendment of August 20, 2004, it is noted that word "receptor" is missing after alpha-fetoprotein in points 1. and 2. listed at the bottom of page 6. Further "vulval cancer" is not included in the list of cancers on page 12 of the Preliminary Amendment. Treatment of vulval cancer is discussed in the example on page 2 of Dr. Pak's declaration which describes treatment of various types of cancers using Reducin.

Respectfully submitted,
